

AUTUMN TERM 2

CLASS 2BS

THE PURPOSE OF THIS NEWSLETTER IS TO INFORM YOU OF THE TOPICS THAT YOUR CHILDREN WILL BE STUDYING DURING THIS HALF TERM.

Reading/Literacy

The children will be following the Read Write Inc programme to support their phonics and develop their fluency of reading. In Literacy, we will be focusing on the texts 'The Journey Home' by Frann Preston-Gannon and 'Dear Earth' by Isabel Otter. The children will be developing their grammatical skills as well as creating a range of writing including character descriptions, information texts such as a non-chronological leaflet and narratives.

Science

The children will be learning about 'Animals and Survival'. This topic teaches the children about what animals need in order to survive, how animals change as they grow up, why exercise is important, understand what a balanced diet is and what is hygiene and why hygiene is important.

R.E.

In R.E, the children will be focusing on 'Why does Christmas matter to Christians?'. We will develop an understanding of what and how we celebrate in general, understand the Christian Christmas story, understand how Christians celebrate Christmas and develop an understanding of how Christians around the world celebrate Christmas differently.

Music

In Music, children will be exploring the pulse and rhythm of a piece of music by listening to different songs and playing instruments.

Home Reading

Home reading books will be sent home to support our Read, Write, Inc. Phonics and reading programmes, as well as books to encourage children to share stories with you and read for pleasure. Please discuss these with your child and sign their reading record daily and return them to school each day. Each child will be entered into a reading challenge where they must read at least 3 times each week.

PSHE

In PSHE (Jigsaw), we will be collectively working on 'Celebrating Difference'. This will cover how to accept that everyone is different, to include others when working and playing, know how to help if someone, how to solve problems, how to use kind words and know how to give and receive compliments.

If you have any concerns that you need to discuss, please speak to me at the end of the day or contact the school office at: hello@stj.hlt.academy or ring the school office if it is urgent.

Maths

Our main areas of study include:

Addition and Subtraction:

- Number bonds to 10
- Adding three 1-digit numbers
- Subtracting two 2-digit numbers
- Mixed addition and subtraction
- Missing number problems

Shape:

- Recognise and understand 2-D shapes
- Recognise and understand 3-D shapes
- Draw 2-D shapes
- Lines of symmetry
- Patterns with 2-D and 3-D shapes.

We will be focusing on the 2, 5 and 10 times tables. Your support at home with helping your children to learn their times tables will be greatly appreciated.

History/Geography

During History, the children will continue learning about the English and British monarchy and answer the enquiry question 'What impact did our significant sovereigns have?' The children will learn about what a monarch is and about the reign of William the Conqueror as well as what Elizabeth II did during her time as Queen.

During Geography, the children will continue learning about 'London - Our Capital City' and answer the enquiry question 'How does London compare to Hull?' The children will learn about Hull and the ways in which they recognise that it is a city. The children will also learn about the significant landmarks of Hull. We will then learn about London and the ways in which they recognise it is a capital city. Hull and London will then be compared to one another.

Art/D&T

In Art, the children will continue focusing on contrasting and complementing colours. The children will learn about and experiment with colour theory and mix different colours together.

In DT, the children will continue to learn how to cook and eat well. The children will focus on the importance of a healthy, balanced diet and using this knowledge to make a taco filling.

Computing

In Computing, the children will continue focusing on computer systems and networks and looking at the IT around us. The children will learn about the importance of being safe online. The children will develop an understanding about how IT benefits society and how to be responsible when using technology.

PE

PE lessons will usually be on a **Wednesday** where the children will be doing dance. PE kits should be brought into school. Children will need plain red shorts and a plain white T-shirt.
